"Animal" Organizations that are Actually Pro-Hunting

People for Pigeons

Peaceful Prairie Sanctuary: Our mission at Peaceful Prairie Sanctuary is to provide a safe, loving and permanent home for rescued farmed animals - not accepted at most shelters. In addition to providing life-long care for the animals, we are dedicated to promoting the vegan lifestyle as the most effective way to reduce the suffering and exploitation of animals. Most of the residents of Peaceful Prairie Sanctuary were once victims of the meat, dairy, and egg, industry. They are the lucky ones. Billions more animals never get to know freedom, love, and security. Each animal at Peaceful Prairie Sanctuary has their own sad story of abuse, neglect, and/or abandonment. At the sanctuary, they require and receive varying degrees of medical attention, social interaction, and most importantly, tender loving care.
