The RSPCA is a charity registered in England & Wales no. 219099

Freedom Food is the only UK farm assurance and food labelling scheme dedicated to farm animal welfare.

The RSPCA has specific welfare standards for laying hens, chickens, turkeys, ducks, salmon, pigs, sheep, beef and dairy cattle. The standards are mandatory, but achievable for small and large operations, indoor and outdoor, including farms, hauliers and abattoirs. The scheme also approves processors and packers.

Take advantage of the demand for higher welfare.

The Freedom Food certification mark gives consumers the assurance that the scheme is backed by the RSPCA, one of the most respected animal charities in the world.

Becoming a member can add value to your produce, reinforce credibility within the supply chain and bring about real benefits to your business.

We offer certification for farmers, hauliers, abattoirs, processors and packers and the scheme approves well-managed free-range, organic and indoor farms.

So find out more about the [benefits](#) Freedom Food can offer your business, or visit [how do I join](#) for a step-by-step guide to membership.
